Important Safety Instructions

Save and clearly follow these instructions.

DANGER: To reduce the risk of electric shock:

- Dry location use only
- Do not use this appliance if the cord, plug cable or housing is damaged or wet.
- Supervision is necessary when used by or near children, disabled persons or those with mental disabilities.
- Do not use this appliance with an extension cord or overloaded electrical outlets.
- Do not disassemble or modify any part of this appliance.

WARNING: To reduce the risk of interference with other electrical equipment:

- Consult your doctor or device manufacturer if you have a pacemaker or other implanted Electrical device.

Please do not place your phone on the charger and plug it into the USB port simultaneously.

Qi is the universal standard for inductive charging. Qi-enabled devices will work with Qi Chargers. That means when you buy the **Energizer** Inductive Charger, you can charge any Qi-enabled device on it! Soon, even sleeves and doors won't be necessary because Qi will be built into them. Welcome to true universal charging.

1-Year Limited warranty

Energizer warrants that the enclosed charger will be free from defects in materials and workmanship for a period of 1 year from the date of initial retail purchase. This warranty is for the original retail purchaser only and is not transferable. This warranty does not cover damage caused by accident, unreasonable use or modifications of the product. During the 1-Year Warranty period we will either repair or replace this charger (at our option) without charge and reimburse you for your shipping cost if the charger should prove defective and is sent to: Energizer, Box 6056, Cleveland, OH 44101. This guarantee gives you specific legal rights, and you may also have other rights which vary from state to state.
